

PROPERTY TAX APPEAL BOARD'S DECISION

APPELLANT: Christophe & Kristen Conn
DOCKET NO.: 06-20281.001-R-1
PARCEL NO.: 11-19-112-016-0000

The parties of record before the Property Tax Appeal Board are Christophe & Kristen Conn, the appellants, by attorney Julie Realmuto of McCarthy & Duffy, in Chicago, and the Cook County Board of Review.

The subject property is a 104-year old, two-story style dwelling frame construction containing 1,824 square feet of living area. Features of the home include a full unfinished basement.

The appellants' appeal is based on unequal treatment in the assessment process. The appellants submitted four comparable properties described as two-story frame dwellings that are 101 to 111 years old for consideration. The comparables contain 1,708 to 1,982 square feet of living area and have improvement assessments of \$14.75 to \$20.14 per square foot. In their petition, the appellants assert the subject contains only 1,650 square feet of living area. Using this size, the subject has an improvement assessment \$22.64 per square foot. Based on this evidence, the appellants requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" wherein the subject's final assessment was disclosed. The board of review also submitted property characteristic sheets for the subject and three comparables. The subject's property characteristic sheet indicates the subject contains 1,824 square feet of living area. Therefore, the Property Tax Appeal Board finds the subject has 1,824 square feet of living area. The board of review's comparables consist of two-story frame dwellings that are 81 to 103 years old. All the comparables feature full unfinished basements, one has central air-conditioning and one has a fireplace. These properties contain

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds no change in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

LAND:	\$	7,344
IMPR.:	\$	37,361
TOTAL:	\$	44,705

Subject only to the State multiplier as applicable.

1,560 to 1,910 square feet and have improvement assessments of \$21.46 to \$25.77 per square foot. Based on this evidence, the board of review requested confirmation of the subject's assessment.

After reviewing the record and considering the evidence, the Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of this appeal. The Illinois Supreme Court has held that taxpayers who object to an assessment on the basis of lack of uniformity bear the burden of proving the disparity of assessment valuations by clear and convincing evidence. Kankakee County Board of Review v. Property Tax Appeal Board, 131 Ill.2d 1 (1989). After an analysis of the assessment data, the Board finds the appellants have not overcome this burden.

The Board finds six comparables submitted by both parties were similar to the subject in size, design, exterior construction, features and age. The range established by these comparables is \$14.75 to \$25.77 per square foot of living area. The subject's improvement assessment of \$20.48 per square foot of living area is within this range. After considering adjustments and the differences in both parties' comparables when compared to the subject, the Board finds the subject's per square foot improvement assessment is supported and a reduction in the subject's assessment is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
